Handy Drain Cleaner

Drain brain Company

The Super-Vee offers you a complete system for cleaning drain lines through 3" in diameter. With a variety of cables, cutter and accessories available, you have the right combination for any clogged drain problem.

The Super-Vee is built to clear clogged drains for a decade or more. And our Dyna-Thrust™ bearing system is one reason why. It helps carry the weight of the drum, significantly reducing wear on the motor shaft bearing and extending the life of the tool. Of course the cables are Flexicore® – with an integral wire rope center. Nobody makes cables like General.

Slide Action Chuck:

With a quick movement of the Grip Shield, you release or engage the cable – without the need for a chuck, and with automatic adjustment for different cable diameters. As a result, you get your cable into the line faster, pull it out faster, and have full control at all times. Because the Slide Action Chuck is linked to the Grip Shield, handling is easy and comfortable.

1 Slide Grip Shield
FORWARD to Release Cable.

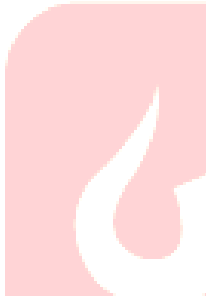

2 Pull Cable out of drum.

3 Slide Shield **BACK** to grip cable.

4 Run Cable into line and repeat.
It's that quick!

To switch to a different diameter cable, you just loosen three screws, pull the front of the drum off the cable, and load another cartridge. Changing takes less than a minute and turns what could be a messy job into a clean one. The tough plastic cartridges are so inexpensive, you'll probably want to store all of your Super-Vee cables in them.

HECS Handy electric Cutter set Cutter set

	Part Number	Cutter Name	Application
	AH	Arrow Head Starting Drill	Starting Drill (Gets water flowing)
	BG	Boring Gimlet	For removing loose objects
	DHBG	Down Head Boring Gimlet	For removing loose objects (Goes down waste, not up stack)

Spin-Thru™

Steel Drum Spin-Thru™

A cleaner way to open clogged drains. The 1/4" (6 mm) spring is fed out of the drum into the line, keeping it away from clean kitchen and bathroom surfaces. SM models have a rugged steel drum and a "T" grip handle for more convenient use in laundry tubs. Complete directions on back of card. Also available individually boxed.

Catalog Number	UPC	Length	Weight per 6 Pack Carton
P-15SM	0-93122-63012-5	15 ft. (4.6 m)	23 lbs. (10 kg)
P-25SM	0-93122-63013-2	25 ft. (7.6 m)	27 lbs. (12 kg)

Power Spin-Thru™

A great drain cleaner upgrade: our steel drum Spin-Thru is equipped with a spindle so it can be attached to an electric drill. Supplied with display card with complete directions on back. Also available individually boxed.

Catalog Number	UPC	Length	Weight per 6 Pack Carton
CP-15SM	0-93122-63232-7	15 ft. (4.6 m)	22 lbs. (10 kg)
CP-25SM	0-93122-63233-4	25 ft. (7.6 m)	28 lbs. (13 kg)

Premium Drain Augers

Increase drain auger sales by ordering Premium Drain Augers with these attractive tamper-resistant plastic display bags. Complete directions on the back in English, French and Spanish. These models have professional-type sliding crank handles with smoothly working hand grips. This feature gives the augers a more attractive, high quality appearance.

The handle is formed from heavy-wall tubing and the thumb screw is 1/2" (13 mm) long x 1/4" (6 mm) for solid gripping without thread stripping. In addition, the handle has a good offset for greater turning leverage.

Made from high tensile bright wire. 1/4" (6 mm) augers have basin plug head for easy threading through strainer crossbars. 3/8" (10 mm) and 1/2" (13 mm) augers have large bulb-shaped corkscrew boring head.

Catalog No	UPC	Length	Standard Pack	Weight per Carton
1/4" (6 mm) Diameter For Small Lines
