

- Bar Cutting Machines

Model Number	KMC-25H
--------------	---------

Features

1. It has a excellent cutting capacity owing to a strong hydraulic.
2. It is suitable for small scale construction site because it is light(21kg) and portable
3. The blades made of special material seldom wear away.
4. With a strict quality control, it has confidence of the best quality comparing with the same rank one.

Specifications

Model	Max.bardia	Moter	Electrics	Cutting Speed	Dimension(m/m)			Weight	Remarks
					L	W	H		
KMC-25H	25m/m	1.9kw/2.5HP	110/220V 50/60HZ Single Phase	4-5sec	485	140	250	23kg	

EFFICIENCY/No.of bars at one time

Model m/m	D-10	D-13	D-16	D-19	D-22	D-25	Remarks
KMC-25H	3	2	1	1	1	1	

Origin	Korea
Model Number	KMC-42

Features

1. A fast and powerful cutter adopting a multilevel gear and a flywheel.
2. Emphasis on safety using an iron guide in cutting.
3. The blades made of special material seldom wear away.
You can also use 4 sides of the blade with I set.
4. Strong and firm with a durable driving gear and a powerfully welded structure.
Lightweight, easily portable and applicable in any place.
5. So easily controlled with one-touch system that even a nonprofessional can operate it.
6. The lubricants filled in the internal gear of crank and the driving make them free of gear friction and noise while in operation.
